History of Modern Art / Information Design / 2D, 3D & 4D Studio]

Computer Science Coursework [Fundamentals of Computer Science I & II
Object Oriented Design / Algorithms and Data Structures / Discrete Math]

Bard College at Simon's Rock

Great Barrington, MA

Associate of Arts, 2013

Coursework: [Theories of Self / Graphic Design / Philosophy Seminar I, II & III]

Activities: Peer Advocate / Residence Assistant / Founder of The Gaming Club

projects

Graphic Design 2 | StartMeditating.org / Zafu.co [Web / Graphic Design]

A design campaign advocating for meditation as a daily practice. The project includes a website, posters, logos, photos, a collection of meditation resources, and a developed aesthetic.

Typography 2 | The Art of Tea [Typography / Graphic Design / Illustration]

A 50 page book typeset with a calm, minimalist & modern, aesthetic. Created to learn best-practices for typesetting (e.g. proper grid-usage & folio design).

Personal | AnimateSVGText [SVG / Web-Design / Animation]

I invented a technique for SVG text animation, created a tutorial, and then released it open-source. The project currently has 70+ stars on Github, and has been featured on numerous design websites.

experience

Apple | Software Engineering Intern

Researched, designed, prototyped, and developed multiple versions of a customizable data-visualization focused web application.

May - August 2016
Sunnyvale, CA

Harvard i-Lab | Designer at the Advanced Continual Education Association

Designing and developing the iOS app and website user interface. Additional responsibilities include: typographic design, company culture design & branding.
